

# HOLD MORE. WITH LESS. ANYWHERE.

**NOW AVAILABLE: UCSC SERIES  
POLYOLEFIN COATED  
UNIVERSAL CLAMP STRAPS**

## MIGHTY-HOLD® UNIVERSAL CLAMP STRAPS

Pack just one part to secure dozens of different jobs – even in corrosive environments. Polyolefin coating adds a new level of versatility to our Universal Clamp Straps. Now they're protected from corrosive chemicals with a tough environmental shield. More job site problem solvers available only from Bridgeport Fittings.

**Original  
UCS Series  
Zinc-Plated Steel**

- One clamp strap secures cable or conduit – EMT/Rigid/IMC, coated Rigid/IMC, liquid tight metallic and nonmetallic, FMC, AC/MC and schedule 40 and schedule 80 PVC
- Unique ergonomic design makes supporting conduit quick and easy
- Polyolefin offers superior chemical and corrosion protection and provides long-term UV protection in exposed installations
- Thermally set coating prevents liquids from migrating under and is suitable for direct burial
- 1/2" – 3/4" and 3/4" – 1" designs
- Meets NEC and ETL requirements for use in wet and corrosive locations
- Patent Pending
