

Bridgeport Extends Malleable Product Offering For Rigid and Liquid-Tight Conduit

Malleable Connectors, Couplings, Threaded Hubs, Clamp Backs, Straps and More!

Material Properties

Malleable Iron product with exceptional elongation and deformation properties, corrosion resistance, and shock absorption. Malleable Iron is also extremely impact resistant and durable.

Product Categories

Product for Rigid, EMT, Flexible Metal Conduit and Liquid Tight applications.

Finish

Zinc electroplated for enhanced corrosion resistance and extended life in areas that may be exposed to salt water and a variety of chemicals.

Applications

Used in applications requiring exceptional strength such as warehouses, outdoor buildings, bridges and airports. Also used in power distribution applications.

Features

- 5" & 6" Trade Size:
 - Set Screw Connectors
 - Set Screw Couplings
 - Threaded Hubs
 - Clamp Backs
 - One Hole Pipe Straps
 - Liquid Tight Connectors
- Split Rigid Couplings
 - 1/2" thru 6" Trade Sizes
- Conduit Bodies
 - 1/2" thru 4" Trade Sizes
