

Combination Type LL/LR Conduit Bodies

1/2" thru 2" Trade Sizes

Cat Numbers: LLR-41 thru LLR-46

UPC Numbers: 78174703441 thru 78174703446

Description: Type LL/LR Combination EMT/Rigid Conduit Body with Cover and Gasket Type Conduit Body
Application: For use with both EMT and rigid conduit, thus eliminating the need to stock separate units for each application. Units have a threaded interior for rigid applications and set screws for use with EMT. The design allows access to the interior of a conduit system for inspection, pulling and maintenance.

Trade Size: 1/2" thru 2"

Material: Aluminum
