

## American Recovery and Reinvestment Act Funded Projects

### Department of Defense

The American Recovery and Reinvestment Act of 2009 provides \$4.26 billion in funding for the Department of Defense Facilities Sustainment, Restoration, and Modernization (FSRM) Program, in addition to annual appropriations by Congress. This program invests in facility improvements only in the U.S., including the repair of roads, roofs, barracks, family housing, medical facilities, and buildings that support operational requirements, such as aircraft hangars or training sites.
